EXPLORING THE HUMAN BODY SYSTEMS

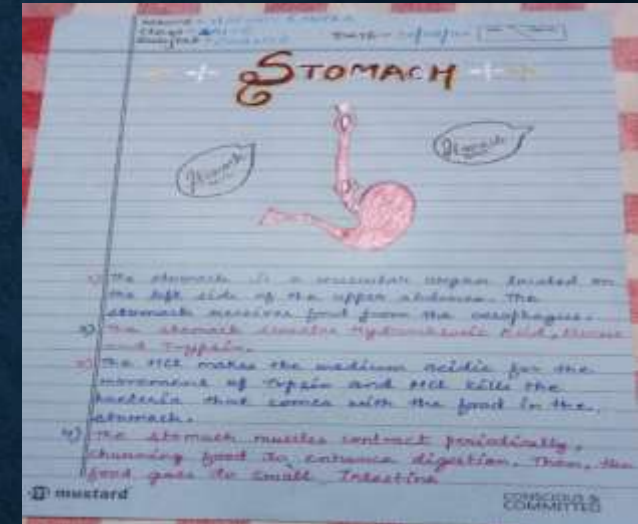

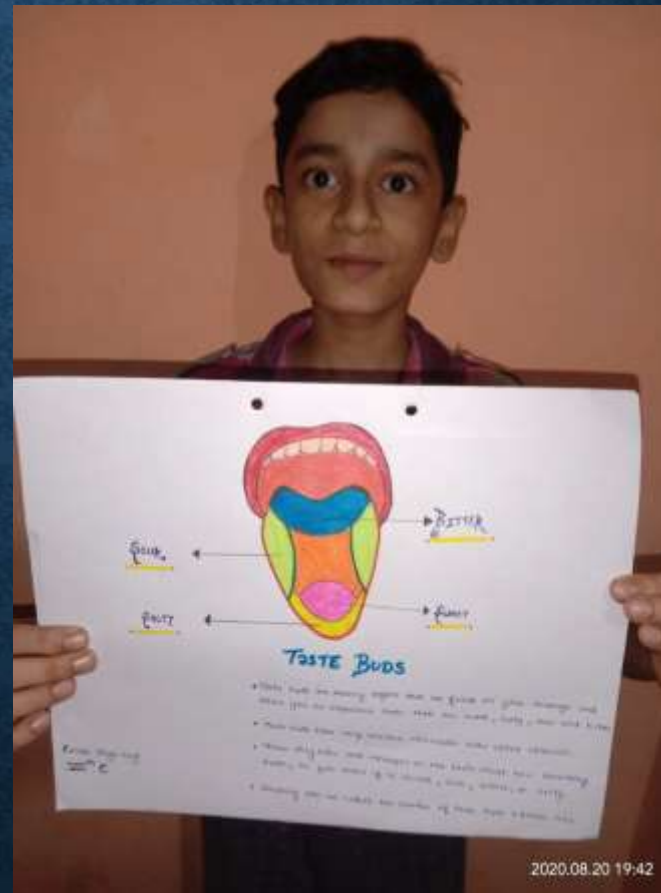

Students of class VII undertook a journey through the human digestive system. They explored and explained in their own way how food is moved and absorbed in our body. They learnt what enzymes are and which organs release them.

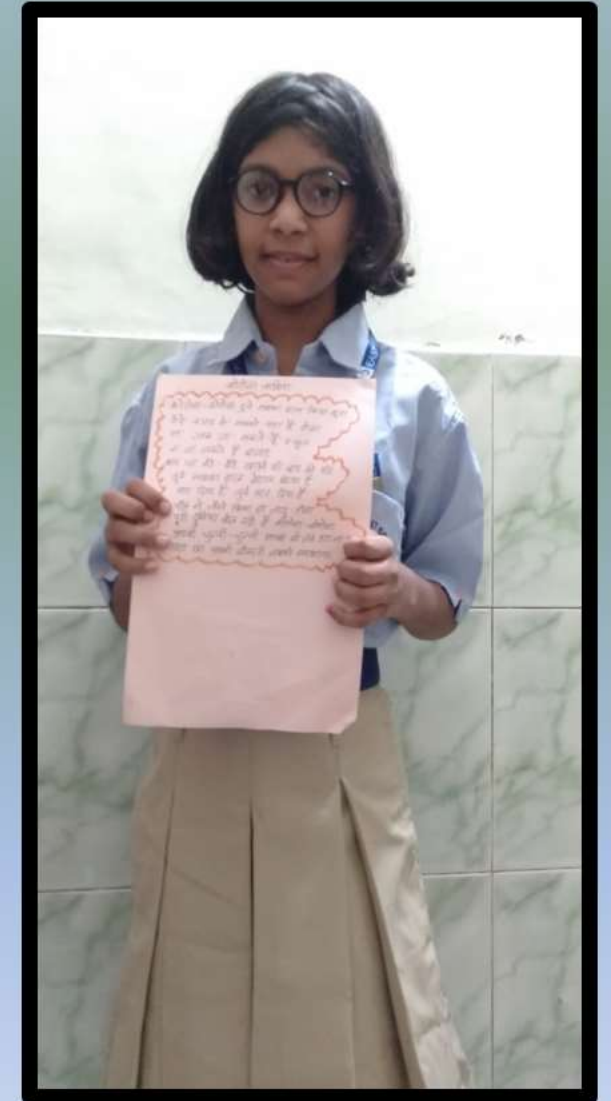

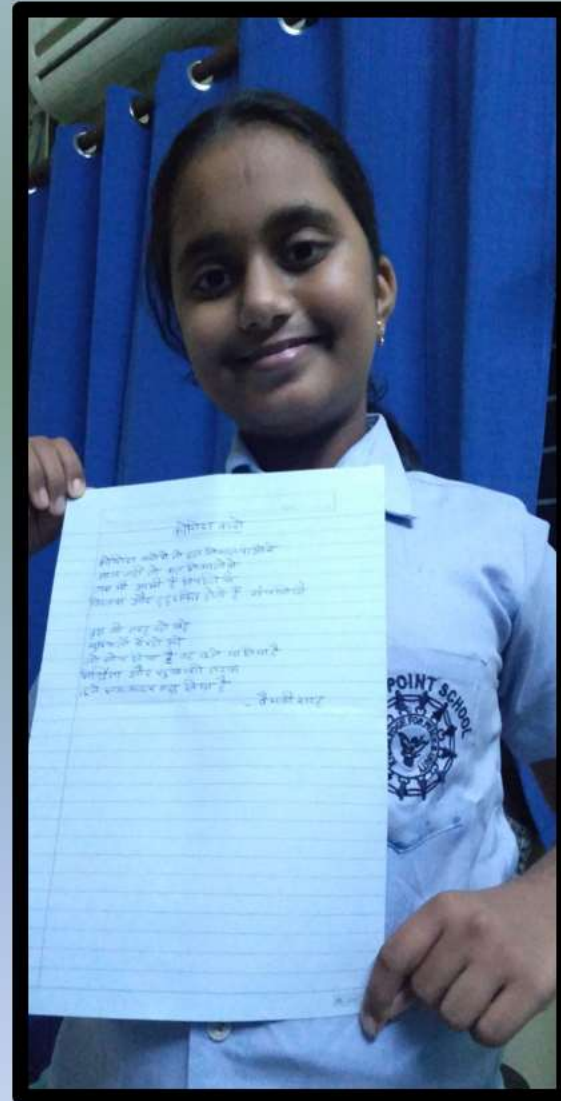

These activities provided students with an opportunity to make explicit connection between knowledge gathered and their understanding of the overall functioning of various parts of the digestive system.

ABHINAV AND SHAILESH FROM CLASS 7 performed a role-play activity and acted as an organ of human digestive system.

रचनात्मक गतिविधि (कक्षा सातवीं)

Social studies- the students exhibited their creativity and knowledge through PowerPoint Presentation on the role of government of India.
