### STAKEHOLDER ADDRESS

It gives me great pleasure to welcome each one of you to the new session 2021-22 with the first edition of the Newsletter of East Point School.

The newsletter is just not a collection of the various activities conducted by the school and done the students but it is a reflection of the ethos of the school. It is a glimpse of the school vision and mission through varied activities conducted in the school with equal participation of the students to achieve the desired learning outcome.

I would like to take this opportunity to congratulate all the students for their active participation. As it is rightly said Winning and Losing both will take place in life simultaneously but what is most important is to never quit.

So I wish each one of you all the best for your future endeavours.  
Stay safe and healthy.

Archana Shrivastava  
Principal  
East Point School

## PARENTS' ADDRESS

For every parent its a crucial decision to select a place where their kid is going to spend the most important years of his / her life. My daughter and me liked the school premises the day we came there for the admissions. Apart from the pleasant and kids friendly environment what impressed me is that the management allowed us to see the classrooms and also explained everything very nicely which I have not seen in any other school. Now its been a month since we are attending the online classes . I make sure to be there with her in every class and I am really happy to see how patiently and nicely teachers are managing the kids in a virtual environment. The curriculum is very easy , scientific and interesting. Its wonderful to see that everyday my daughter look forward to new activities which help her to learn in an interesting way. I could say the base what the teachers are preparing will bear awesome fruit in future. Thank you

## TEACHER'S ADDRESS

I want to extend to you and your family a very warm welcome to East Point School. The initial years are an exciting time when children embark upon new adventures in the world of learning. Each year will provide important transitions and the acquisition of new skills that will enhance each student's ability to apply learning in many ways. East Point School is committed to providing a challenging and rigorous curriculum that helps each student progress at a developmentally appropriate rate and provides a safe environment for all students.
