Fun with Numbers

Strawberry Apple Orange Banana

Successor refers to something that comes after. Successor of apple is orange.

Activity Integrated to EVS

Thousands	Hundreds	Tens	Ones

Write the number form

$3000 + 100 + 40 + 8 = 3148$

Fun with numbers

1. 3841

2. 4071

3. 1165

4. 2250

5. 453

4071

$50 + 1 = 51$

Successor of 50

If we add 1 to a number, we get the next number, called its successor.

Write the expanded form for the following

a) $7000 + 40 + 6 = 7046$

b) $1000 + 300 + 80 + 1 = 1381$

c) $40 + 5 = 45$

d) $3000 + 3 = 3003$

Write the expanded form for the following

a) $4309 = 4000 + 300 + 9$

b) $421 = 400 + 20 + 1$

WORLD HEALTH DAY AND EARTH DAY

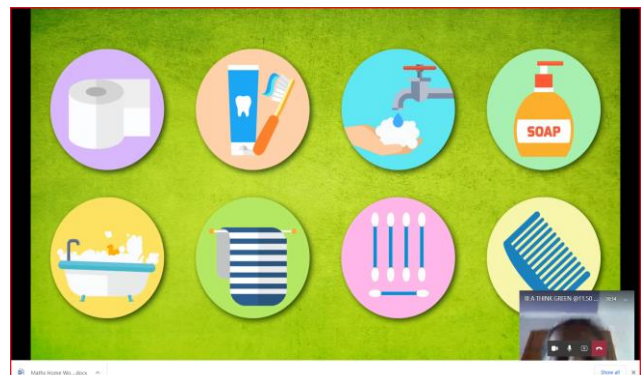

EVERY DAY IS EARTH DAY

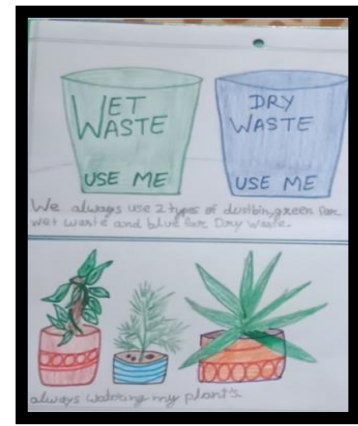

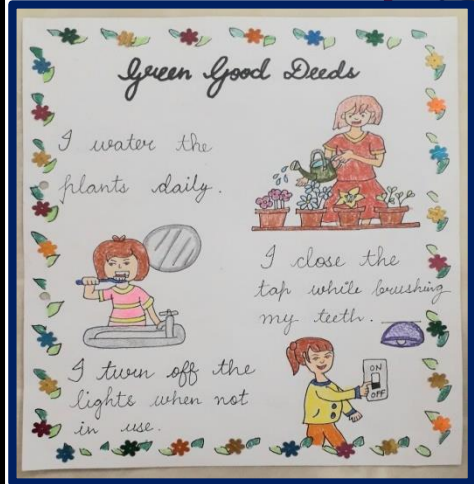

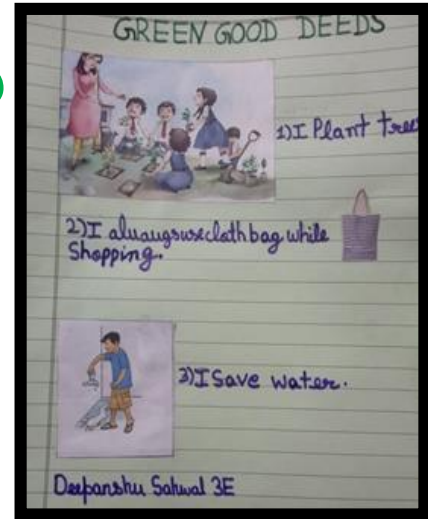

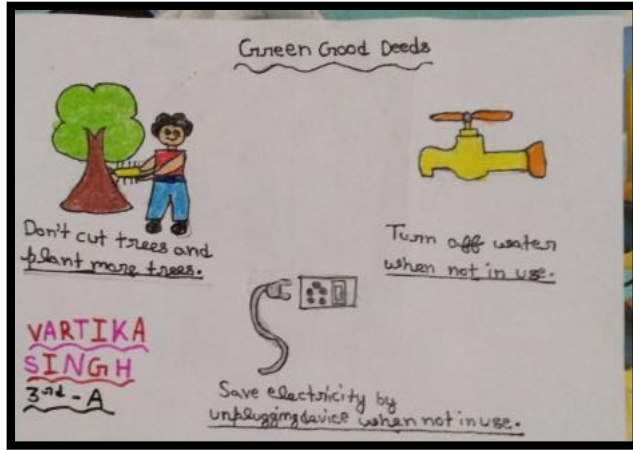

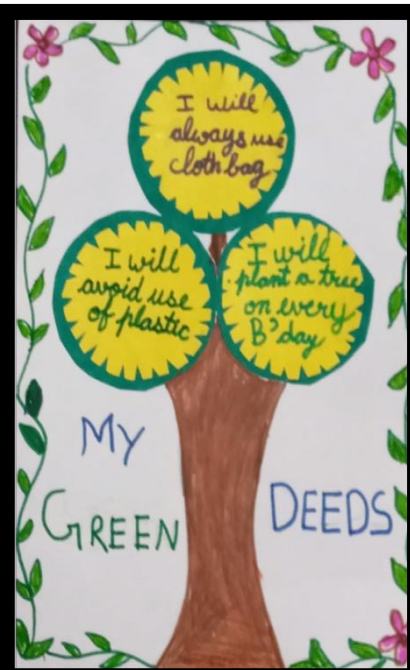

Good health is the main source of happiness in life, it helps in maintaining the smile on your face.

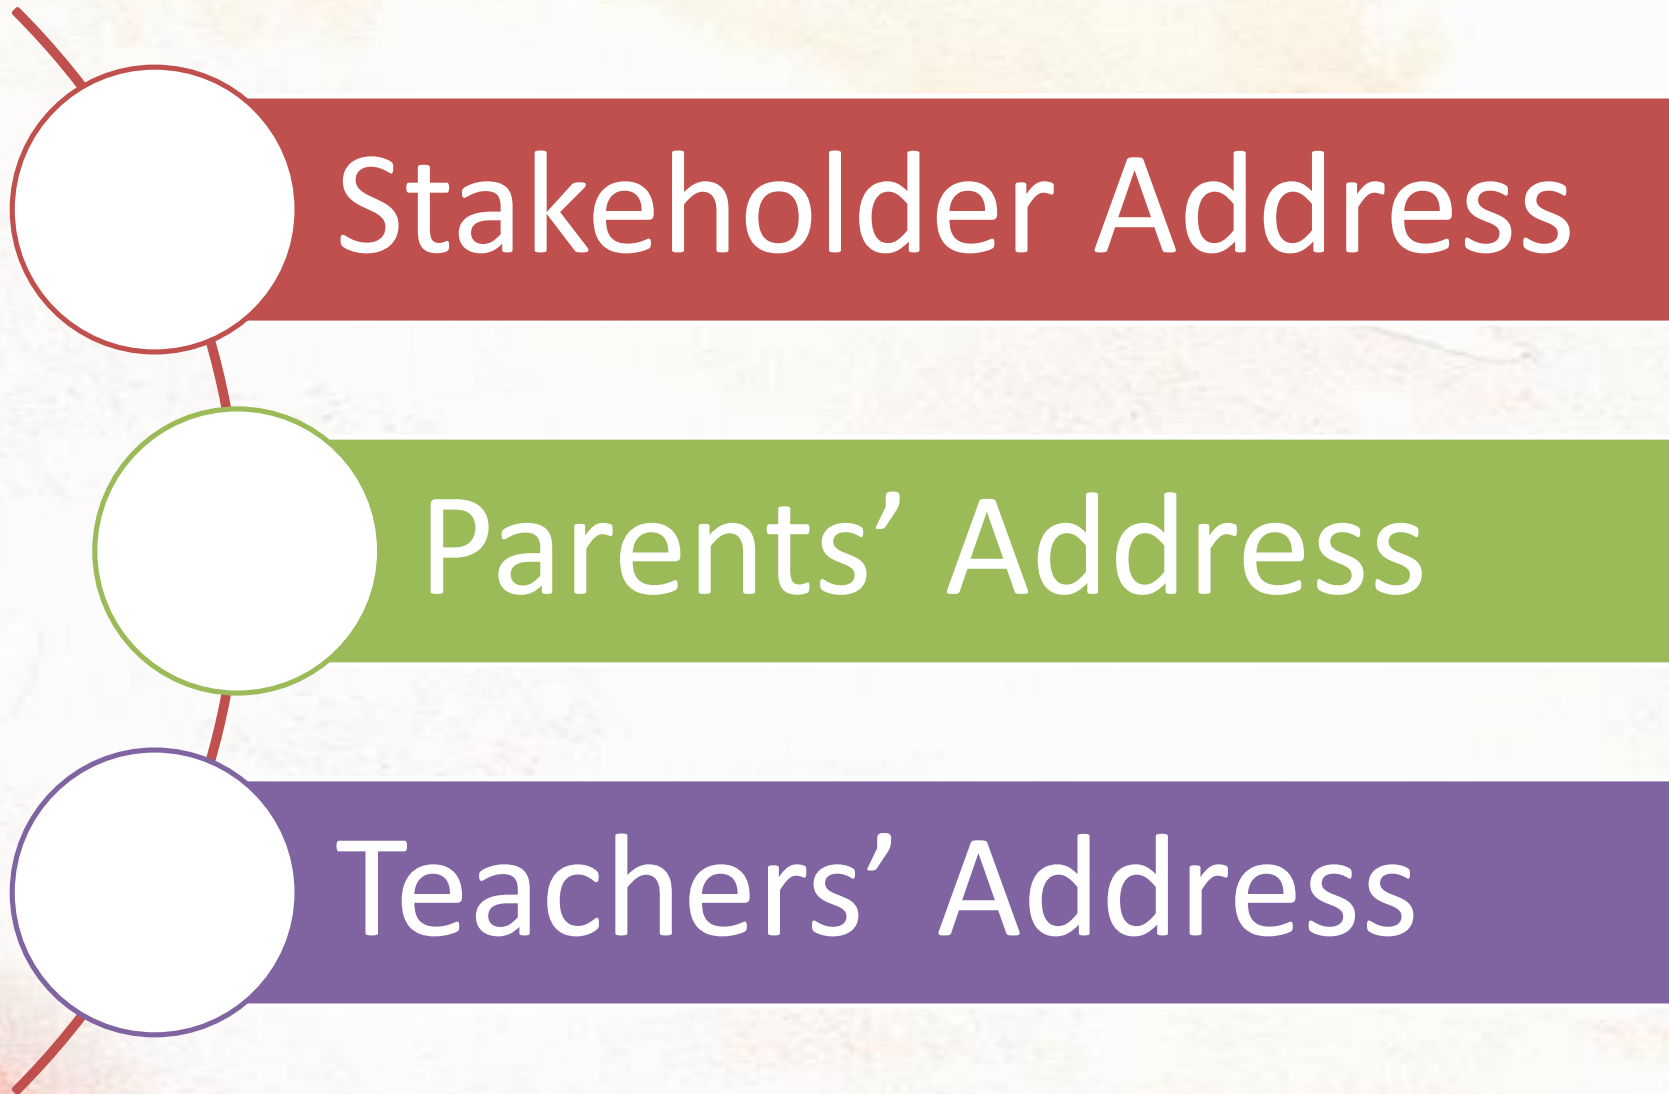

Happy World Health Day.

It is our duty to keep our body in good health or else we won't be able to focus on anything in life.

MY GREEN GOOD DEEDS

Stakeholder Address

It gives me great pleasure to welcome each one of you to the new session 2021-22 with the first edition of the Newsletter of East Point School.

The newsletter is just not a collection of the various activities conducted by the school and done the students but it is a reflection of the ethos of the school. It is a glimpse of the school vision and mission through varied activities conducted in the school with equal participation of the students to achieve the desired learning outcome.

I would like to take this opportunity to congratulate all the students for their active participation. As it is rightly said Winning and Losing both will take place in life simultaneously but what is most important is to never quit.

So I wish each one of you all the best for your future endeavours. Stay safe and healthy.

Archana Shrivastava
Principal
East Point School

Parents' Address

We are the proud parents of Vanya Sharma, who is in Class III-B. She has completed last academic year diligently, attending all the classes online. During this journey we really appreciate the efforts of teachers in facilitating the process of learning. From our side, we have made our best efforts to ensure Vanya is provided the necessary wherewithal to keep our end up. We like the way children are learning the concepts through activities done in the class and various inter school competitions conducted online by school. Assignments given are also value based and interesting for children. Teachers are polite, soft spoken, always ready to answer queries of the children. Principals and teachers are making their best efforts which is appreciable. Vanya has become very creative and active. We are so glad and satisfied that Vanya is studying in East Point School. We are sure in future she keeps on learning more under the guidance of all teachers.

Teachers' Address

Learning is the process of constantly updating in an ever changing world. I am very proud as a teacher to announce that during this unpredictable pandemic time our students rapidly took the challenge and adapted the new methods of learning with their creativity and willingness which is highly appreciable.

At this foundation stage, our children are involved in a very new and different method of learning to continue their education with great enthusiasm and positivity which is clearly visible in the newsletter.

At East Point School we try to provide the best possible environment for healthy development of young children by providing a carefully planned and structured curriculum in which the child grows and learns in a natural way.

I also take this opportunity to thank the parents of our students for having bestowed their faith and confidence in us. Your faith in us is our driving force.

Wish you all a great beginning and a focused journey.
