## WARM WISHES

- BIRTHDAY WISH

# GEOMETRICAL SHAPES

Students were asked to draw or paste pictures of basic geometrical shapes found in their surroundings and make a design/ any cartoon character using the same.

# MAP ACTIVITY

The activity involved labelling five states namely- Maharashtra, Odisha, Uttarakhand, Arunachal Pradesh & West Bengal

## LEARNING OUTCOME

With the help of this activity students were able to gain knowledge about various states of India, their capitals and their location on the map

AATIKA (VI C)- PRIYA (VI A)- VANSHIKA (VI C)- SARTHAK RAWAT (VI A)

# Paper Mache Activity:

The creativity of children can never be limited to classrooms. There is a different form of satisfaction in mastering our own creativity. Hence, it is essential to encourage children to do some creative activities like making crafts, drawings etc. Therefore, the students of Class VI were also encouraged to unlock their creativity by performing Papier - mache' activity.

The art or technique of making paper mache has a long history but it was first adopted in India in Kashmir.

# MOTHER'S DAY

Mother's Day is an annual global observance to commemorate motherhood and to honor the mothers in the society for the love and care they bestow. The tradition of Mother's Day was first started in the United States in the early 20th century. It is a way of thanking mother's for their tireless effort throughout the year, for their well being and care. So, here is a glimpse of the love showered by students of Class: VI for their mother on this special occasion.

## Parents' Address –

No .....Not everything is all negative  
Sun wakes us up every morning with a  
new hope and energy,.We are greeted  
with a clear sky and birds chirping.

Relations and love give us hope to live.

Kindness and conversations give us  
back our trust and beliefs. Listening to  
music brings rhythm in our life.

Reading and imagination help us to  
build on a brighter future. Things will  
get better because if there is a night  
there would be a brighter day. So enjoy  
what you love and learn everyday new  
things, don't forget to pray and scatter  
your fragrance of positivity to others.

Sreeja Sujith kumar

Father of Supriya S Nair of Class  
VI A

## Teachers' Address –

Hello everyone, I would like to thank all the students for staying home and staying safe amidst the novel coronavirus outbreak. As we all know that the situation still remains uncertain. So, in order to protect you and your loved ones, the Institute continues to prioritize the safety and wellbeing of the school community while supporting students as they strive to achieve their goals during this difficult time. I appreciate you all for practicing sound judgment and patience at a time when we are facing various obstacles and restrictions. We are all together in this and at this stage, it is desirable that you take note of all the safety and try to equip yourself with all-round capabilities and skills to keep fit. Hence, the ongoing summer vacation is your first opportunity and you may like to engage yourself in this vacation through some planned constructive activity so that it helps you in acquiring the right skills, and pursue your interests while in isolation. Education is boundless and you may like to use this opportunity to supplement with education in other domains too. There are many options such as the following available to you:1. Learning art craft, music, dance etc.2. Solving science/social problem of interest including Covid-19,3. Improving language and other soft skills,4. Pursuing interests in literature, graphics, arts, .....,5. Learning life skills,6. Physical fitness, yoga and many more Finally, I want to reiterate that the safety of you and your loved ones is of the utmost importance. While keeping that foremost in our thoughts, we can continue to work together, remain determined, and move towards a better tomorrow.
