EUREKA

Neuron model

This model represents the structure of the neuron. Neurons are the building blocks of the nervous system. They receive and transmit signals to different parts of the body. A neuron varies in shape and size depending upon their function and location. All neurons have three different parts – dendrites, cell body and axon.

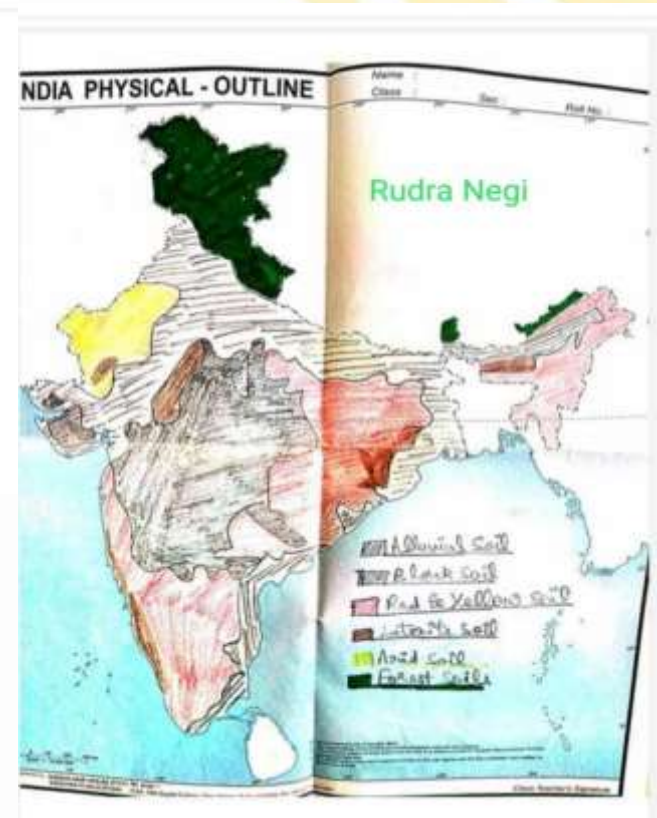

Set up for phototropism

Response of a plant to light: After 5-10 days, we will observe that “shoots bend towards light, but roots bend away from light.” This type of growth movement in response to light stimulus is termed as “phototropism”.

Socio

On the Physical map of India locate and colour or shade the different types of soil found in India.

MOTHER'S DAY SPECIAL

Topic -: Message for mothers by Video Vlog with Mother

Mother's Day was celebrated by children with their mothers with them and they have shot the video vlog wishing their Mother on this day.

Summer capsule program

Topic -: MUSICAL MORNING

In the starting इतनी शक्ति हमें देना दाता song with professional way to sing by using Karaoke tools.

Conducted a word Antakshri competition between girls and boys.

Guest Artist: Rinosh Chako and Shubhodeep Mondal, performed Hindi song "Barishen" and Aashayain song on guitar.

They also encouraged everyone to learn music in school and perform in music world.

Students were guided to make an instrument from waste material.

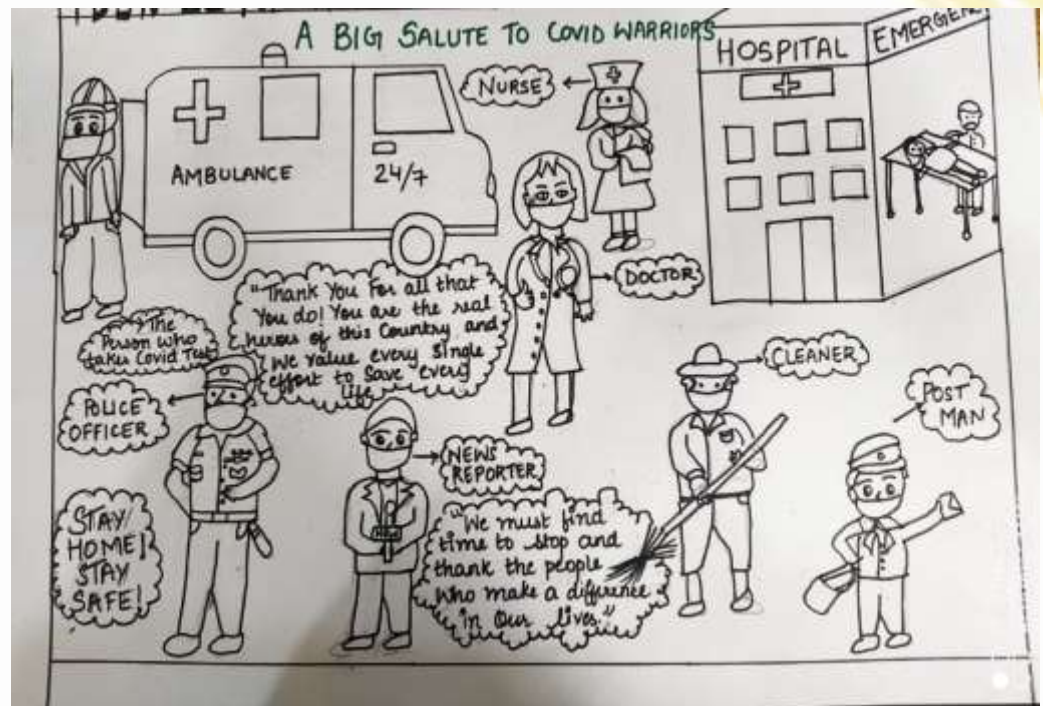

Children participated and really enjoyed.

Awareness about COVID - 19

Poster Making

Children has been asked to prepare Poster creating the awareness of COVID – 19 to general people.

Stakeholder Address

Dear students, I am feeling very happy to send the best wishes to you for this news letter.

Do your work with the confidence; choose hard work and reach your goal, life is not always the same; ups and down are there; cheer up and never lose belief in the low; In your life, never stop dreaming, but with open eyes; what comes in your sleep is not your dream; instead, for which, you cannot sleep is your dream.

Don't go after the scores and marks, rather try to be a good human being.

"all the best for your future."

Dr. Durgesh Gupta

Sr. Academic In-charge

Teachers' Address

Learning never exhausts the mind. The learning process is different for each individual, always say I would like to learn, or remember, how to live.
