THINK GREEN

## GREEN PATAKA

As we all are gearing up to celebrate Diwali. This festival brings fun, harmony, enthusiasm and prosperity, but in recent years, it's also been cause of worry, because of the negative impact on air pollution. Keeping this in mind the students of class I has decided to be responsible and celebrate this Diwali as **Green Diwali** by making such a wonderful 'GREEN PATAKA.

# Stakeholder's Address

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations"

Today, the role of a school is not only to track academic superiority but also to inspire and allow its students to be lifelong apprentices, thinkers, and creative members of global society. At EPS we provide an atmosphere to our apprentices for multidimensional growth, where children are enthused to channelize their potential in the hunt of brilliance. This can only be possible in a holistic, student-centric atmosphere which is being provided at EPS. Students get a platform to reason, express, and display their skills. The school is striving hard to make the best possible efforts to inculcate values mingling with academics and extra-curricular activities in the children.

# Parents' Address

**I love Connections Academy. One of the reasons why I like this school so much is the communication between teachers and students. All the teachers are phenomenal! They are dedicated to organized, fun learning and bringing out the fun in learning, yet Ms Deepika is serious to teach my child so that this subject will benefit him in life.**

# Teacher's Speak....

Dear children,

It's been an honour and a privilege to watch you all grow from pre primary tiny tots to class 1 young champions.

I can't believe that time's gone so quickly. Well, you know what they say – time flies when you're having fun.

As you continue through life, never forget to keep learning, to keep having fun and to always smile. I am so proud of you all.

With lots and lots of love,  
Deepika ma'am
