EX·PERIENCE

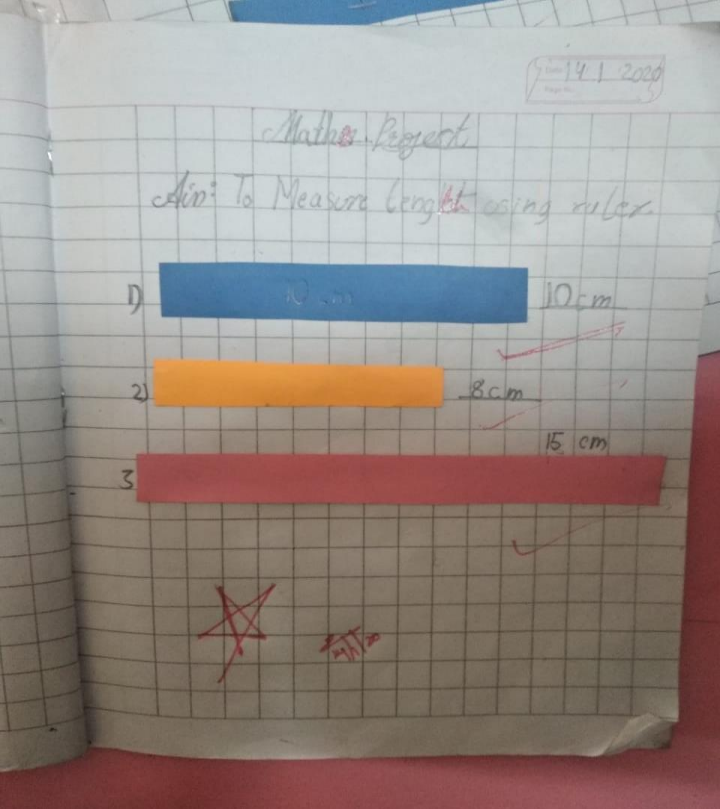

EVS Activity

A video of different seasons in India was shown to the students .

After showing the video, project work was done in the class which included foods, clothes, months and special features about the season. This project work was thoroughly enjoyed by the students.

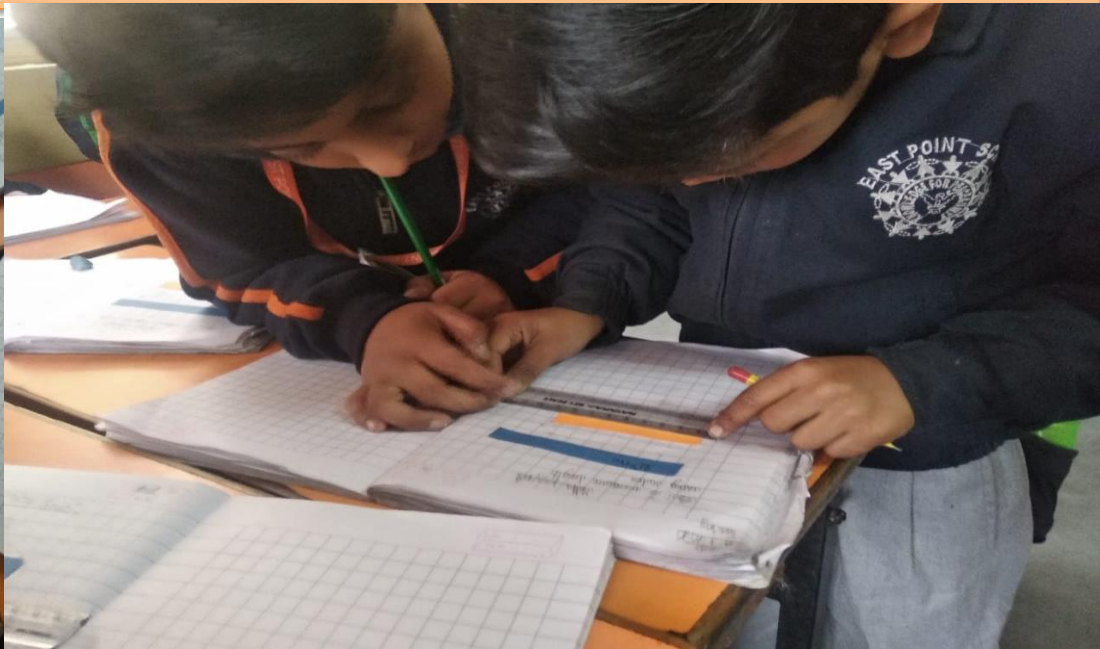

Maths Activity

Measurement of Length

Children used ruler to measure the length of different coloured strips. This helped them to understand the use of scale and the standard unit of length.

Measurement of Weight

Hands on activity is always a great help to understand the real life application of mathematical concepts.

Children used the beam balance and weighing scale to measure weight of various objects. They also measured their own weight and recorded it.

REPUBLIC DAY

On the occasion of Republic Day Celebration, the students performed a medley dance, sang a patriotic song and recited an elocution with great interest.

गतिविधि कार्य

हरी सब्जियाँ खाना क्यों अच्छा होता है?
हरी सब्जियों के महत्व को बताते हुए
छात्रों ने चित्र सहित रचनात्मक लेख लिखा।
